MENTOR MIX – supported by GIB

Our inaugural MentorMIX programme is underway. We have had fantastic feedback from those involved – here is a taster of what some of our mentees had to say:

“Having spoken to several mentors has helped me to formulate a ‘game plan’. I’ve definitely gained some helpful insights into the steps to take to set me on the right path.”

“I feel very happy and lucky that I joined MentorMIX. The mentors I’ve met with have the exact knowledge, experience, and most importantly personality and leadership that I was looking for in this mentorship journey.”

“I had my first meeting with a mentor, and it was incredibly insightful. Thank you so much for facilitating this amazing opportunity. I look forward to applying what I’ve learned and am excited about the journey ahead and meeting with my other mentors.”

OTHER PROJECTS – PM SCOPE OF SERVICES

The Institute and PMINZ have brought together a working group to create guidelines defining a standard scope of services for project management (PM) services, including design management specific to vertical construction. These guidelines are intended to serve as a reference to ensure consistency, efficiency and quality in delivering project management services.

A launch of the guidelines will be on Wednesday 25 September as an Industry Insights webinar.
